# Sitemap

## Overall Site Structure

- Main home page links to all pages within the navigation bar
- Footer contains social links
- Contact page enables the user to send email
- Resume page opens to PDF in a new window

# Style Guide - Decision Making

- Create a theme that is used throughout the website using colours and sans-serif fonts
- The theme was created to match my visual branding colours
- A mini style guide was established to define colours and fonts

# Style Guide

# {My Portfolio}

## Colours

<span style="background-color: #d66964; display: inline-block; width: 15px; height: 15px;"></span>	#d66964
<span style="background-color: #dcbd62; display: inline-block; width: 15px; height: 15px;"></span>	#dcbd62
<span style="background-color: #e1a583; display: inline-block; width: 15px; height: 15px;"></span>	#e1a583
<span style="background-color: #ecb7a9; display: inline-block; width: 15px; height: 15px;"></span>	#ecb7a9

## Fonts

### Nav Header

Open San  
Condensed

### Body

Default Web  
Sans-Serif

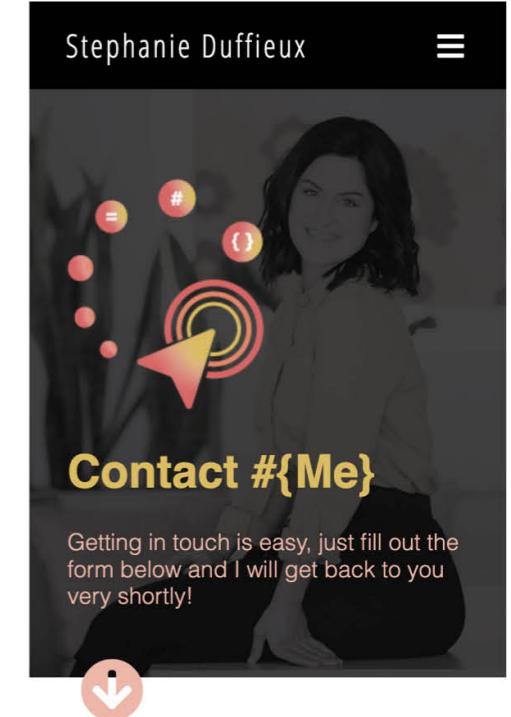

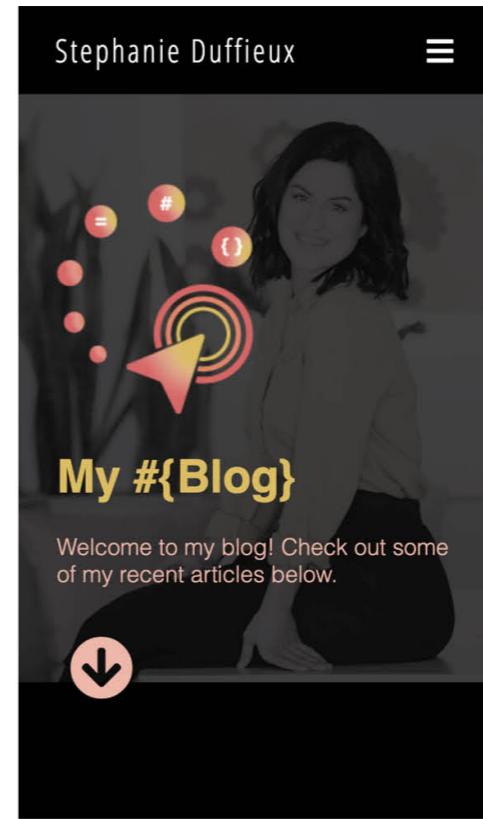

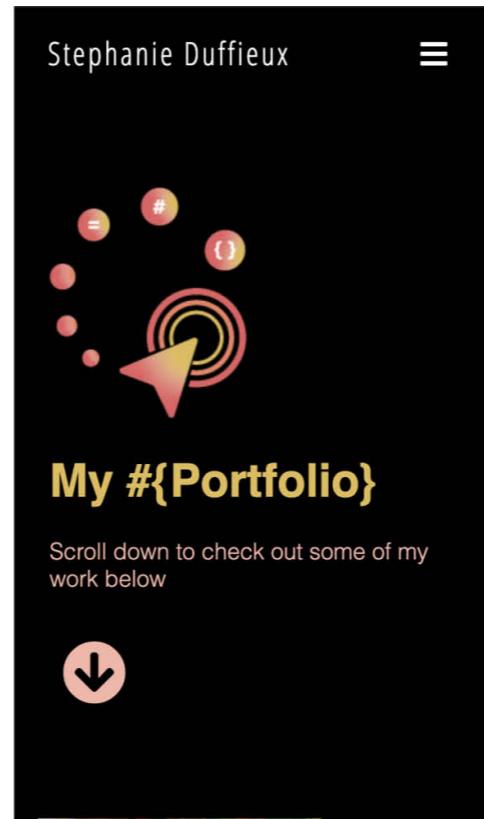

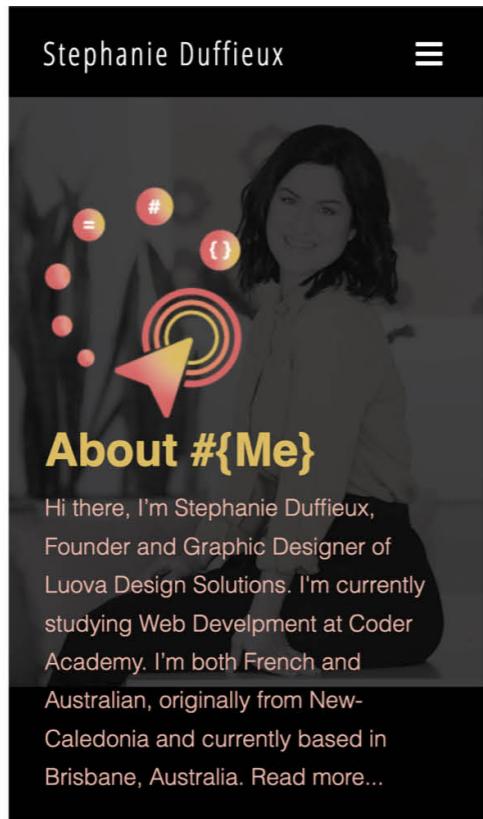

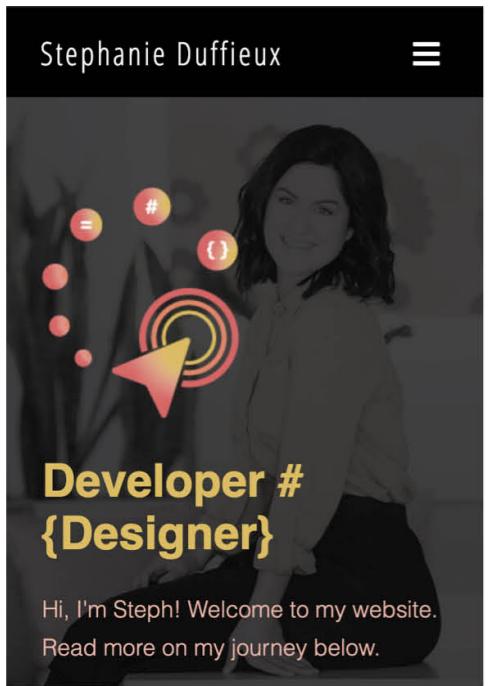

# List of Components

- **Call to action** on the home page to scroll down and view more of my journey into coding (links to PDF)
- **Footer** contains **links to socials** (repeated on all pages)
- **Contact form** on both about and contact page to encourage user to get in touch
- **Recurring header** on pages with logo and header
- **Navigation bar** desktop view and hamburger dropdown for mobile
- **Resume page links to PDF** in new window
- **Portfolio displays gallery** with work samples + link to PDF portfolio (more dev work to be added later on)
- **Blog page contains articles** and list of most popular items

# Mobile View

**My Values & Passion**

Growing up I shared my father's passion for arts and all things creative and later followed in his tracks and became a qualified graphic designer myself. For me Graphic Design is not just putting together a visual solution for my clients but bringing meaning to every design I create. I've recently found a new passion in coding and here I am on my way to becoming a developer!
